

GCSE Assessment Preparations

Your teachers will already have notified you of any assessment topics that you should prepare for the **period immediately after the Easter break** (w/c 12/04/21 and possibly w/c 19/04/21).

This is not an exhaustive list and a fully detailed assessment plan for each subject will be published on or before 16/04/21, once any final information from exam boards has been received.

Subject	Topic
English - GCSE	<p>After Easter you will complete assessments on:</p> <ul style="list-style-type: none"> English Language Paper 2: Reading English Language Paper 2: Writing <p>You can find past papers here: AQA GCSE past papers</p>
Maths - GCSE (Foundation)	<p>Please find below our topic recommendations for your preparations over the Easter break so that you can prioritise and sequence your revision most efficiently.</p> <ul style="list-style-type: none"> Assessment 1 & 2 Fractions, Decimals and Percentages, Prime numbers, factors, HCF, Ratio and proportion, Algebra collecting like terms, expanding and factorising, Solving linear equations, Rounding and estimation, Using a calculator, Straight line graphs, Rules of Indices, Angles rules involving polygons, Area of rectangles, triangles and circles, Transformations, Averages (Mode median and mean) and frequency tables, Two way tables, Volume of prisms, Probability.
Maths - GCSE (Higher)	<p>Please find below our topic recommendations for your preparations over the Easter break so that you can prioritise and sequence your revision most efficiently.</p> <ul style="list-style-type: none"> Assessment 1 & 2 Fraction calculations, Standard Form, Compound interest, Prime factors/LCM Expanding and factorising, Solving equations, Straight line graphs, Simultaneous equations, Decimals to fractions, Ratios, Rules of indices, Rearranging formulae, Probability, Area and Volume, Speed Angles in parallel line/Polygons, Similar shapes, Averages, Cumulative Frequency and Box plots.
